What job i'm looking for? My positive points

Im looking for a CODE10 driving job with PDP. The reason for that is that im a married man with 2 children and i need to take care of my family. The other reason why i need the driving job is because i enjoy being behind the steering wheel and i am so observant on the road, my friends always say they feel safe when I'm driving and that should they have long distance trips they would sleep comfortably because they know they are safe.

In short i would love to work with what i enjoy as it would boost my work ethic to more than percentage limit. Feel free to test me with the CEO of the company on the left seat.
