## What job i'm looking for? My positive points

Perhaps you are looking for a professional who has expertise in retail security and loss prevention management, who knows every aspect of security, and distribution asset protection. I have got more than 20 years of experience in the field of managing security and now I would like to bring this same knowledge and expertise to your organization.

My success in security field lies in my ability to work as a team player, someone who can go that extra mile, manage all the programs effectively.

Presently I'm working for a Security company as a Contract/Regional Manager, responsible for security operations in the Northern Cape; overseas area managers, supervisors, security officers at Sassa, Dept. Home Affairs, and Department of Justice. And before this I was a Security Area Manager in the North West province manage security officers in the Mr. Price Stores.

I am an effective planner and organizer. My friendly and outgoing nature lets me interact with all the staff members at every level and take immense pride in saying that I bring the right measure of enthusiasm into this equation.

My accompanying resume will give you a better idea of my potential in making a strong contribution to your organization. I think that this will be mutually beneficial for both of us.

Thank you for your consideration and time.

Sincerely,

Pieter Niemann
