What job i'm looking for? My positive points

A hardworker naturally and very patient person, and i believe that any company will be lucky and blessed to have an employee who will be dedicated to her work and that employee will be me, i am a person who don't give up and if something i don't understand i ask and make sure i know that thing. I am a punctual person i respect time so much, it's one of my strengths, i think my weakness is to think about other people's feelings first than mine, overall i work well and interact with different people well, i love to be happy and others to be happy, choose me as your employee you won't regret.
