What job i'm looking for? My positive points

I'm looking for a management position as I am a manager at makro vaal under Fidelity security services.

I'm energetic and hard worker who's willing and learn more, I'm looking forward to working with you and your team.

I'm a good candidate you looking for as I've been in security industry for quite some time now.

I was working in control room at koorfontein mine as operator, the very same company I was working for took me to vaal to be a supervisor there and while I was there the client was impressed by the way I'm committed to my job and appointed me for a management position for Fidelity in the same company (makro) I believe I'm what you looking for and you won't regret for hiring me.

Kind regards
