What job i'm looking for? My positive points

My apologies for this but I had to say it I am well driven and I don't turn my back on challenges so it lead to the point of me not choosing occupation because I know I love to grab any opportunities I am given so briefly I am in construction field now all I do is when my supervisor gives me instructions I go and do it (paving, painting, carpentry, assist electrician, bricklaying and general work), I have worked as unit trainee with tourists from Australia 2015 they offered me job to fly with them but my parents they said no, I worked in friendly cash&carry store room packing n unpacking e.t.c
