Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for mining and laboratory jobs because I have a degree in chemistry I know more of chemicals and equipments. But anything general in the mining sector to grow as a person is fine because I am currently unemployed. I am a very fast learner. Hard worker and I can work under pressure to get the best results for the day. Any company should hire me as i am a fresh graduate with sets of skills and desire to work hard to prove myself and get the best for the company
